

From the Chaplaincy

God's Cosmic Love

By Fr. Francis Ongkingco

A LITTLE PRAYER, A SMALL ACT OF SERVICE, A SMILE OR A THOUGHTFUL GREETING -- THESE SMALL DETAILS CAN STRENGTHEN OUR FAMILY WITH GOD'S BOUNDLESS LOVE.

The theme of noble human love is only one among the many blessings our community celebrates every February, the month of hearts. We want to further enrich it by diving into its true source: God's Fatherly love.

God's love is a treasure with cosmic dimensions that no other faith can offer: we are loved by a Father, in a personal and unique way that reveals that He like us, also has a heart that beats to unite us with His eternal love.

With God's heart-full love in us, let us celebrate Family Day by considering how we can strengthen our family's unity and love in many small details in this month of love. A little prayer, a small sacrifice through an unseen act of service, a smile or a thoughtful greeting are enough to strengthen our family with God's cosmic love.

May our Lady of the Rose, whose image we shall enthrone on the 15th of February, accompany us throughout this month with the fair love blossoming from Her Immaculate Heart to guide and protect Her children.
